**PARDON OUR DUST (or is it Floo Powder\*???)**

You have probably noticed one of our projection screens in our sanctuary has stopped working. It could be those nasty little Cornish Pixies\* or, worse, Dementors\*!! We will need to rent a scissor lift to diagnose the problem, and then a second time to repair it. In an effort to be good stewards with your donations and tithes, we first want to check into whether or not we would or should repair/replace the existing projector, or if we should upgrade to a totally different technology. Rest assured, as soon as we know, you will, too. Thank you for your patience and feel free to ask Raquel or Dr. David or Rev. Susan if you have questions. Now, please resume enjoying your Butter Beer\* and we'll see you in the Great Hall for the "Evening at Hogwarts!"
